Subject: RANGE SAFETY OFFICERS REQUIREMENTS

Per our discussion the following is a matrix for the MLGC range safety officers' certification and training requirements. Effective immediately.

Chief Range Safety Officer: (CRSO)

- The CRSO is required to establish a filing system for all assigned MLGC RSOs records
- The CRSO is required to have a copy of currant certification for all MLGC RSO's.
- Only certified MLGC RSO's can be a RSO on the range during open operations of the MLGC.
- The CRSO is required to conduct a refresher course for all MLGC RSOs every two years.
- The CRSO will establish training and a probation period for all new RSO,s (six months club membership probation) 20 hours on the job training with a certified MLGC RSO.
- A written recommendation from the training RSO. And approval from the board for acceptance.

Range Safety Officers:

RSOs prior to acting in the capacity of an RSO are required to have passed the requirements listed above. Only MLGC approved RSOs shall wear identifying insignias, hats shirts etc.

The RSO may be tasked with the following or as directed.

- RSOs report directly to the CRSO.
- The RSO are responsible to keep his / her records updated
- RSO,s are to enforce the rules and regulation pertaining to the MLGC safety rules and bylaws
- RSOs are to ensure that all MLGC shooters, members, guests, and other authorized persons adhere to the safety rules by-laws and SOPs in this document
- RSO,s must wear a issued RSO hat or shirt or both when acting as a RSO
- In case of the requested removal of any person or persons (including members) form the MLGC property please note the following (name if possible, description of person, vehicle and instruction to the person in question)
- RSOs are to report to MLGC board any incidents on the range to include:
 - Accidental discharges.
 - Personal injuries.
 - Any other incidents deemed reportable
- RSO are requested to donate one hour a month to conduct safety inspections, membership verifications and be present at various MLGC scheduled events
